Importing references from PubMed to RefWorks

In PubMed,

- Select the references to be imported into Refworks.
- Click on **Send To**, then **Citation Manager**, then choose the appropriate selection criteria.
- Click on **Create File**. The file will be saved in the Downloads folder.

In RefWorks

- To import the references into RefWorks, select “**References**”, “**Import**” from the top menu bar.
- Drag and drop the file created in you Downloads folder into the box provided.
- Click **Import** and the references will be imported into RefWorks.

Copyright and Plagiarism

Access to subscribed resources is limited to authorised users only. An authorised user may use the Library's electronic resources solely for scholarly, research, or educational purposes. For further information go to www.library.unic.ac.cy/copyrights-and-plagiarism.

AVOID PLAGIARISM!!!! Plagiarism can be exhibited when you:

- Copy word for word, someone else's work
- Use a phrase or sentence from someone else without giving the reference
- Download material from the internet and present it as your own work
- Pay someone else to do the work for you
- Copy and photocopy the work or project of another student

Due to copyright regulations you must reference all material correctly!!
