

Configuration Directions for Microsoft Edge

For remote access to the UNIC Library e-resources

- Click "**More**" icon (menu bar) 
- Select "**Settings**"
- Click on "**View advanced settings**"
- Under Proxy setup, click on "**Open proxy settings**"
- On Manual proxy setup section, turn **On** the **Use a proxy server**
- In the "**Address**" field type: ***proxy.unic.ac.cy***
- In "**Port**" field type: ***8080***
- Click on "**Save**" and close the **settings** window
- The proxy server responds with a login window. If not, refresh/ reload your page.
- Log in with your **proxy Username** and **Password**. When approved, you will be able to access all of the Library e-resources available at www.library.unic.ac.cy

When you have finished searching Library electronic resources, be sure to go back to the proxy settings and turn **Off** the **Use a proxy server**.
